PLANTS

DAVID RODWAY,
HARTLY, DEL.

TELEPHONE NO. 762-R22 DOVER

FRIENDS AND PATRONS OF 1921

We are again starting another year. Wishing you all a very Prosperous year. Last year was a great year for vegetable and other plants. The war times are about over, and things are getting settled down again. The cost of growing plants has been a big cost, between lumber and wages. Will try and have my plants ready on time as near as possible. I will have some bulbs of different flowers to offer this fall and winter. Have several varieties of Strawberry plants. Have plenty of Cabbage plants on hand at this writing. I thank you all for your patronage of the past years, and hope to be favored in the future. I remain,

Fraternally yours,

DAVID RODWAY.

IMPORTANT TO MY CUSTOMERS

In Ordering, be sure to write your name and address plainly, give postoffice, county and state, and do this every time you write; be sure to say how many plants are to be shipped, by mail or express, and always use my order sheet and envelope.

By Express—We can ship safely by express all over the United States and Canada with good results and have a discount rate of 20% on all plants that are shipped by express; we pack as light as possible and use plenty of fresh moss; we only have the Adams Express Company.

Terms Cash—Payments must be made in advance, but orders will be booked and kept a reasonable time and shipped on remittance.

Please Remit by Postoffice Money Order on Hartly postoffice, or registered letter.

During the Season last year it proved impossible to guarantee the safe arrival of plants. The Parcel Post was found better than the Express. I hope this condition will be improved this year, and wish to assure my patrons of the best service possible.

I Take the Greatest Care to have all plants true to name, and I will not be liable for any amount greater than was paid me for the plants.

All Claims must be made inside of 10 days or will not be entertained.

Season—Shipping or mailing commences any time the weather will permit, after receiving my catalogue, and continues the balance of the season.

Claims for Errors must be made on receipt of plants, when they will be carefully examined, and if found just, made satisfactory. I will answer any telegram or telephone message sent me at Hartly.

Reference—West Dover Trust Co., Hartly, Delaware; also Adams Express Company Agent, Hartly, Delaware.

I would Advise the use of the Parcel Post for all orders under 1000.

Will have a lot of Dahlia and other root bulbs for sale the fall of 1921.

NURSERY INSPECTION CERTIFICATE

State of Delaware
State Board of Agriculture
Dover, Delaware

October 8, 1920.

To Whom it May Concern:—This certifies that I have this day examined the nursery stock and premises of the nurseries of David Rodway, at Hartly, Kent County, Delaware, and that said nursery stock is apparently free from crown gall, peach yellow, peach rosette, the San Jose Scale and all other plant diseases and insects of a seriously dangerous nature. This certificate may be revoked for cause by the State Board of Agriculture and it is invalid after August 31, 1921, and does not include nursery stock not grown on the above named premises, unless such stock is covered by a certificate of a state or government officer and accepted by the State Board of Agriculture.

WESLEY WEBB, Inspector.
